

Directed by powerhouse Liona Tatafu, HALO Vocal Ensemble are a collaborative supergroup that brings together some of Melbourne's leading singers, musicians and DJ MzRizk, to perform reimagined arrangements of modern RnB, Soul, Jazz, Gospel, Disco and Hip Hop classics.

HALO Vocal Ensemble features a diverse lineup of artists from different communities across Melbourne to perform collaboratively & simultaneously on one stage. The ensemble put a modern spin on the definition of choir, bringing a new sound to the masses. HALO's transcendental performances see the city's favourite voices gather in one space to perform collaboratively and collectively, with the combined energy and talent permeating ever deeper with each ethereal harmony.

HALO have a rotating line up of vocalists, MC's, and musicians; each of whom are established artists in their own right. Artists involved with Halo include the likes of Thando, Michaela Jayde, Soli Tesema, Jay Gabriel, SKYE, Strictly D.T and more.

Having previously sold out their hugely successful shows at Melbourne Music Week x Melbourne Museum Summer Plaza Series in January 2021, Melbourne International Jazz Festival (2021), and MOOMBA (2021, 2022). In 2022 HALO Vocal Ensemble returned to the stage for an intimate live performance in the round at Melbourne's The Night Cat performing reimagined classics from the likes of RnB royalty Kanye West, Chaka Khan, Outkast, Kirk Franklin, Nina Simone and Destiny's Child.
